

MGS Website Accessibility Statement

Accessibility Statement

We are making every effort to ensure that the information available on the Minnesota Geological Survey website (<https://cse.umn.edu/mgs>) is accessible to all. Our goal is to deliver a web experience that achieves “Level AA” conformance according to the Web Content Accessibility Guidelines v2.1 (WCAG 2.1).

To ensure seamless user experience for all our users, our current efforts are focused on delivering digital experiences that will work for all users under all circumstances. This is a journey we will forever be committed to, as we value each visitor that takes the time to visit our website.

Additionally, this website has gone through accessibility testing using a variety of available tools including Pope Tech.

Despite our best efforts, we might have missed something. If you notice any accessibility issues, please contact us with findings and suggestions at mgs@umn.edu.
