MINNESOTA MINERALS EDUCATION WORKSHOP

presented by the

THE MINNESOTA CENTER FOR MINERAL RESOURCE EDUCATION

in partnership with

WINONA STATE UNIVERSITY

24th ANNUAL
June 20 - 22, 2023
Winona State University

Sharpen your earth science teaching skills and learn about the geology & mineral resources of the Winona Area!

REGISTER HERE!
GENERAL INFORMATION

MMEW is a workshop for K-12 Earth Science educators and preservice teachers to gain a hands-on learning experience. The workshop offers short courses and field trips to learn about MN’s geology and mineral resources, led by the state’s leading geologists from Winona State University, the Minnesota Geological Survey, the Minnesota DNR, industry representatives, and others!

This year marks the 24th annual offering of MMEW, taking place at Winona State University over 2.5 days. Two nights lodging in campus dorms is available for purchase.

Attend this workshop to network with other earth science teachers, learn about the geology and mineral resources of SE Minnesota, and receive free teaching materials including rocks and mineral samples, lesson plan ideas, posters, maps, and other useful resources!

REGISTRATION  

New this year—two registration options!

Full Workshop Registration June 20—22 $50 (early bird) $65 regular  
1-Day-Only Registration June 21st $25 (early bird) $32 regular

The registration fee covers all short courses, field trip costs, handouts, and breakfast, lunch and refreshments. The Tuesday night dinner is included for the Full Registration option. Two nights lodging in campus dorms is available for an additional $45 fee. Check out www.mcmre.org (click on MMEW) for details!

Questions can be directed to Sara Welna at sara.welna@state.mn.us.
